Summary

Motivated and disciplined **Computer Science and Engineering graduate** from BRAC University with a strong sense of responsibility, punctuality, and honesty. Known for putting maximum effort into every task, whether academic, professional, or extracurricular. Currently learning Data Analytics to strengthen my ability to make data driven decisions and extract meaningful insights—skills that are essential in today's technology driven industries. Eager to explore opportunities that enhance communication skills, expand real-world experience and support personal and professional growth. Quick to adapt, enthusiastic about learning new skills, and interested in applying technical and interpersonal abilities in the banking sector, particularly in areas such as data management, customer service, and digital banking operations.
